**What inspired you to write stories centered around Amish culture?**

As a young girl growing up near the Amish in Lancaster County, Pennsylvania, I was captivated by their "shar" culture. Some of that fascination originated from the family stories I'd heard about my courageous maternal grandmother, Ada Buchwalter, who left her Old Order Mennonite community to marry and was eventually excommunicated and shunned. My first novel, *The Shunning*, is loosely based on Grandma Ada's heart-breaking experience. [

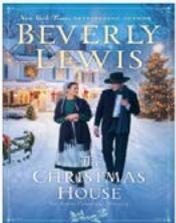

"Lewis shines in this tender, nostalgic Amish romance, the prequel to *The Shunning*. Fans of clean Amish romance will have their heartstrings tugged by this inspiring tale, which speaks to the power of new beginnings and lovers' ability to bridge seemingly unresolvable divides. It's a delight!"

—Publishers Weekly on *The Heartbeat*

**How do you go about researching the Amish lifestyle for your novels?**

**What would you suggest to other authors looking to write heartfelt and meaningful narratives?**

Above all, write what's burning in your heart, with empathy and understanding, as though the reader is your dearest friend. Become your protagonist in every way possible and fashion a setting that lives and breathes, as if it were a character, in other words, write with authenticity. And make an effort to go above and beyond what is considered adequate research.

**Editor's Note**

Beverly Lewis enchants with a heartfelt holiday tale, blending love, community, and faith in the picturesque Amish countryside.

Beverly Lewis beautifully captures the charm of Amish life in *The Christmas House*. This heartwarming novella blends love, faith, and community against a festive backdrop. Liz and Sam's evoking connection offers a sweet romance, while the cultural tensions between Amish and English neighbors provide meaningful depth. A delightful holiday read, perfect for fans of inspiring, feel-good stories brimming with warmth.

They were patient and answered all of my many questions, and I think the final product came out great. Not did they do a good job, but they provided me with something that I can be proud to include in my media kit.
